

SOCIAL INTERACTION AND COMMUNITY ENGAGEMENT ARE ESSENTIAL PARTS OF DAILY LIFE. WE WILL HELP YOU REACH YOUR GOALS, IN YOUR WAY, EACH DAY.

COMMUNITY

Empowering people with disability for 70 years, Connecting2Australia's services are designed to provide individualised care and inclusive opportunities for people with disability.

One thing has remained constant: our ongoing passion for understanding the needs of people with disability, their carers and families.

We know that people with disability want the same opportunities as everyone else, and that their ultimate aim is to live a fulfilling life. That is why our hubs have engaging programs that strive to create an inclusive environment.

Our hub-based activities include cooking classes, music and dance, art, gaming, exercise, growing vegetables and more. You choose programs based on your interests and goals. New programs are continually developed.

Our Social and Community Participation programs are also tailored to meet your goals. They include independent living skills, improving health and wellbeing and building independence.

We have created amazing urban adventure programs at each hub which take you to adventurous places and points of interest, and fascinating outdoor experiences.
